MEMORANDUM FOR: Chief of Operations, DD/P

SUBJECT: Dissemination of CS Information Reports to
Mr. Bundy

STATINTL

1. Following your instructions, [] and I conferred with Mr. Robert Komer of Mr. Bundy's office, who quickly made clear that that office was not interested in all our reports but only in the more significant ones. He pointed out that the size of the office and manpower available together with the fact that they did not operate except during "normal" daytime hours suggested that a selection of reports was desirable. As the result of our discussion and considering various materials and handling procedures, it has been decided to try for a month to provide the following:

a. A copy of whatever dissemination [] of the Cable Secretariat provides to the DCI with an indication to the DCI that this particular report has gone to Bundy. STATINTL

b. A copy of the [] (the disseminations by letter) that go to any member of USIB by name. 25X1

c. The more significant disseminations made up from pouched reports which, if sent to Bundy's office, would also go to the Director's office.

2. Mr. Komer, knowing that one of Mr. Amory's officers collects from Clandestine Services material items to go on a clip board for Mr. Amory's personal attention, suggested that we coordinate with this officer to make sure that Mr. Bundy saw what Mr. Amory saw.

3. In talking to Mr. Komer, I made sure that his statements reflected the needs of Bundy's office as a whole and particularly Bromley Smith.

4. Because [redacted] had mentioned this new procedure to [redacted] wanted me to equip you with this information so that you could mention it to the Director on Friday morning at the Staff Meeting, because Jack's notes show, he says, that the Director, after due consideration and discussion, had said send them "all" [redacted]
